was carried out by the approved supervision body (NDS08)

Fraunhofer-Institute for Wood Research

Wilhelm-Klauditz-Institut WKI
Bienroder Weg 54 E, 38108 Braunschweig, Germany

according to supervision contract no. 0185 dated 26 September 1994. It was found, that the requirements on personal and equipment are suitable to produce the product in an adequate way and the factory production control meets the requirements of the "Regulation on the classification and external supervision of wood-based panels regarding formaldehyde emission (DIBt - Guideline 100)" dated June 1994. This attestation confirms the validity of E1-Certification No. 185 and is part of the evaluation report. The continuous external supervision of factory production control shall take place twice a year.
